POWER⊗FLEET ®

Advance to a New Era of Bus Safety with Vision AI

Safety is the pulse of the UK's bus industry, a mandate beyond mere goals. MiX by Powerfleet stands as your ally in this mission. Meet Vision AI – your trusted co-pilot, for a safe trip every time.

Key Safety Benefits

Multi-Camera Views: Vision AI's cameras alert to road, in-cab, and driver-specific events, when needed most. The DSM camera is most notably used to alert driver fatigue and has already been used successfully by public transport companies to mitigate serious risks of incidents.

Empowered Drivers: With real-time, in-cab alerts from the Driver Coaching camera, drivers uphold the highest safety standards, turning every journey into a proactive safety

Incident Mitigation: Event-triggered video captures critical moments, providing clarity during incidents and enabling swift, informed responses.

Liability Clarity: Get invaluable evidence to determine liability, safeguarding your drivers and your reputation in contentious situations.

Safety Data at Your Fingertips: Leverage the advanced telematics data via an easy-to-view and use dashboard that makes sense of the fleet information, including driver-derived performance data, historic trips, event triggers, and more.

What Vision AI Can Do For You?

Keeps drivers and passengers safe with in-cab, real-time alerts for:

| Fatigue (eyes closed and yawning) | ADAS alerts for dangerous following distance, unintended lane departure, and imminent collision | Smoking | Distraction (phone usage) | Safety belt not in use |

Revolutionising Fleet Management With AI Video Telematics

AI in telematics is a groundbreaking development that is revolutionising the way fleet management operates.

| +70% | -60% | -65% | -80% |
| SEATBELT USAGE | VEHICLE COLLISIONS | DRIVER SPEEDING | DRIVER DISTRACTION |

By combining artificial intelligence with dashcams, video telematics empowers fleet managers with deeper insights and data-driven analysis.

Proactively manage the safety of drivers and passengers and protect your reputation with a stellar safety record.
