POWER⊗FLEET®

unity
Empowering Data-Driven Decisions

Seamless Integration. Real-Time Insights. Better Decisions.

The Unity ecosystem streamlines your data, giving you near real-time, decision-grade insights that connect your assets, vehicles, and people—all under one roof.

Key Benefits

Real-Time Data

Instant access to critical information.

Boost Efficiency

Save time, reduce manual processes.

Informed Decisions

Gain visibility across operations for smarter choices.

API Solutions Tailored for Your Business

Usage/Trip API
Automate tasks, optimize routes, and validate performance in real-time.

People API
Sync your HRIS with real-time vehicle access and payroll validation.
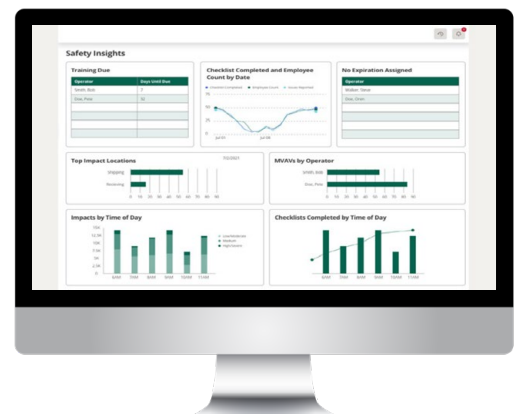

Events/Checklist API
Automate work orders, predict parts needs, and improve safety through behavior analysis.

Why Choose Unity?

- Standardized API endpoints for seamless integration
- Custom KPI dashboards for tailored insights
- Eliminate data silos, optimize operations, and drive growth
