

TANKSAFE® 'OPTIMUM'

NEXT GENERATION ANTI-SIPHON DEVICE

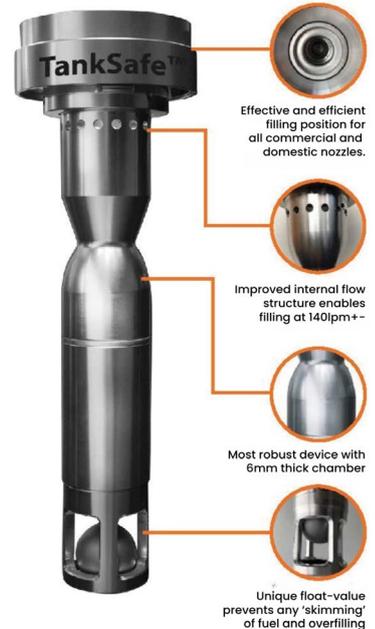

FUEL THEFT AND RISING COSTS GETTING YOU DOWN?

TankSafe® 'Optimum' offers 100% protection from fuel spillage, siphoning and skimming. Statistics show that the loss of fuel via siphoning, skimming or spillage can account for 10% of your total fuel bill. This could be the difference between a profitable business and running at a loss.

BENEFITS

- 100% protection from fuel siphonage
- 100% protection from fuel skimming
- Compatible with OEM diesel cap
- Stops over filling and therefore wastage
- Tamper-proof protection for the float-valve
- Fills at over 140L per minute
- Quick and easy fitment
- 3-Year warranty

100% FUEL PROTECTION | Patented Float Valve ensures chamber remains empty so no fuel can be skimmed .
