

VISIONAI

VisionAI S combines vehicle tracking with a single camera device advanced video for a comprehensive solution that's quick to perform and easy to install. It helps you monitor vehicle location, driver behavior, and driving quality. This integrated data aids in making informed decisions to enhance fleet safety and efficiency at a cost-effective price.

KEY FEATURES

 GPS tracking location and positioning.	 Driver behavior data.	 Driver ID via MyMiX app.	 AI-based video telematics (ADAS & DMS).	 Fast installation without an onboard computer.	 Cost-effective video telematics to maximize safety.
---	--	---	--	---	---

BENEFITS

- ✓ Driver safety monitoring (fatigue*, smoking, distraction, mobile phone use, missing seatbelt).
- ✓ Alerts for road events (unsignalled lane departure and forward-collision warning).
- ✓ Video retrieval (8sec clips of all camera views, custom video requests, HD quality).
- ✓ Driver performance management.
- ✓ Location-based events, including geofencing.
- ✓ Exoneration from wrongful third-party claims.
- ✓ Competitive pricing.
- ✓ Asset movement/utilization management.
- ✓ Real-time driver coaching.

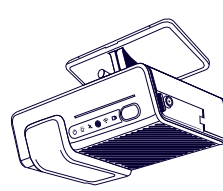

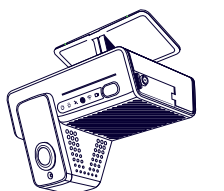

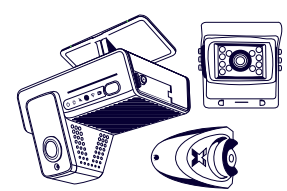

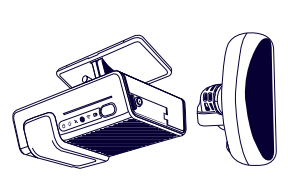

*Fatigue monitoring requires an additional camera.

TOTAL FLEET OVERSIGHT: ONE UNIFIED VIEW

Gain complete control over videos, trip and driver data all in one place with VisionAI S, with a full view of your fleet's performance with easy-to view and use dashboards that transform complex data into quick-to-action information to streamline your business.

VIDEO GALLERY

The Video Gallery helps streamline the process of reviewing video data for an organization. Users can easily filter and search, which can then be loaded into the video player for closer examination.

INSIGHT DASHBOARDS

Insight Dashboards provides an overview of your fleet; showing trends, problem areas and how assets and drivers are impacting on the fleet's performance.

KPI MANAGER

KPI Manager allows you to easily track your pre-determined KPIs, effortlessly. It's never been easier to quickly identify problem areas and take corrective action to achieve your targets.
