

MATERIAL HANDLING TELEMATICS

Forklift Safety Light Maxi

High-Visibility LED Spotlight for Overhead Cranes and Industrial Vehicles

The **Forklift Safety Light Maxi** helps improve pedestrian and operator awareness in busy material handling environments by projecting a solid, tightly focused LED spot or line onto the floor.

Designed for overhead cranes, forklifts, lift trucks, and other industrial vehicles, the **Forklift Safety Light Maxi** provides a clear visual warning that helps alert pedestrians and nearby workers to equipment movement, crane hook location, or vehicle presence. It also supports more precise positioning for overhead crane operators.

Designed to revolutionise your material handling operations

The **Forklift Safety Light Maxi** projects a bright LED warning to improve awareness around cranes and industrial vehicles.

-  Enhance safety
-  Mitigate liability and avoid legal action
-  Increase equipment longevity
-  Protect brand reputation
-  Boost employee morale

Key features

Supports more precise overhead crane positioning

Waterproof, rugged design made to withstand harsh environments

Easy to position for different operational needs

Available in blue, red, or white

Highly visible and energy efficient

Helps reduce collision risk by alerting pedestrians and workers to equipment presence or overhead crane hook location

Easy to install and maintenance-free

Technical Specifications

Power

Input Voltage	9-60VDC
Consumption	120W (Blue), or 84W (Red or White)

Environmental

Temp, operation	-40 to +185F (-40 to +85C)
Temp, storage	-40 to +185F (-40 to +85C)
Ingress Protection	IP67

Technical Specifications (cont'd)

Certifications

Regional	CE
Sustainability	RoHS

Size

Dimensions	229 X 98 X 234mm
