# PowerRoam SIM Card

Seamless cross-border  
connectivity for your fleet.

A PowerRoam SIM card\* offers seamless, ongoing roaming for fleets moving between South Africa and select neighbouring African countries at a predictable fixed monthly rate with select Powerfleet On-Road solutions. It removes the need to toggle roaming on and off when crossing borders, automatically connecting to the strongest local network to ensure uninterrupted communication.

*\*Not compatible with bundled services for VisionAI & MiX Talk.*

## Features

PowerRoam is a connectivity solution designed for fleet clients needing a permanent roaming SIM card to transmit non-video data from telematics devices in vehicles that travel from South Africa into neighbouring countries or operate within specific regions across Africa.

### It offers:

A permanent roaming SIM card that automatically prioritises the strongest network across multiple African countries.

Fixed monthly cost with no hidden roaming fees or unexpected charges.

Supported by Essential and Premium Powerfleet On-Road solutions.

Available for new installs and retrofits.\*

*\* A SIM swap fee applies*

## Benefits

Continuous roaming eliminates the need for any roaming activation before the vehicle crosses South African borders.

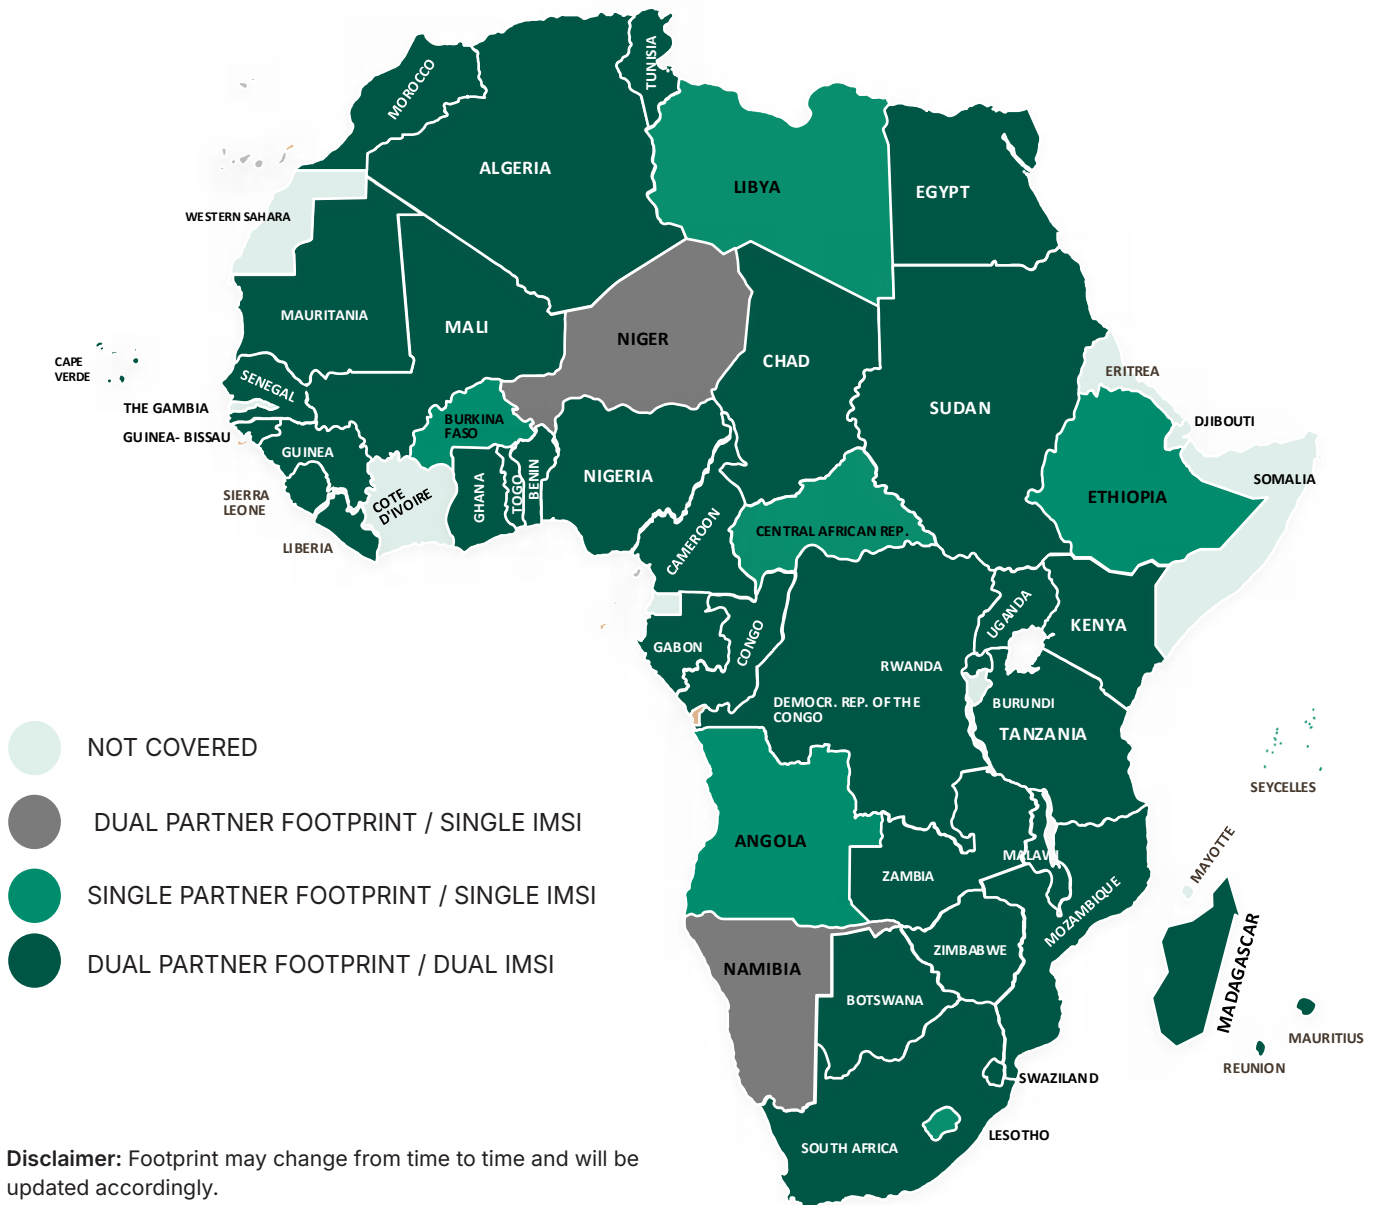

Eliminates unexpected data costs with transparent fixed pricing.

Powered by proven multi-network roaming technology for reliable performance.
