

Elevate Your CAT Dealership with Enhanced Security, Efficiency, and Customer Satisfaction

SOLUTION BRIEF

As a CAT dealer, you manage a complex and diverse equipment portfolio. From safeguarding new equipment to integrating data across your fleet, you need a solution that delivers precise tracking, efficient maintenance, and theft prevention for both CAT and other heavy equipment. Powerfleet's solutions integrate seamlessly with VisionLink, giving you complete fleet visibility while maximising operational efficiency and customer satisfaction.

A Trusted Asset Management Partner

Turn Complexities Into Opportunities with Powerfleet

Powerfleet helps you master equipment management challenges, allowing you to:

Optimise Utilisation & Billing

Real-time engine hour tracking reduces hidden costs and improves billing accuracy, minimizing disputes and enhancing customer satisfaction.

Improve Preventive Maintenance

Receive proactive maintenance alerts based on real-time data, maximizing equipment uptime and lifespan.

24/7 Asset Visibility

Track assets in real time for better equipment availability and timely returns, improving both operations and rentals.

Detect Theft & Aid Recovery

Real-time alerts and frequent updates help prevent theft and increase recovery chances.

Standardise Data & Ensure Compliance

Manage data seamlessly across different OEMs with AEMP 2.0 integration for simplified compliance.

Unlock Data Insights with Powerfleet Unity

Powerfleet Unity consolidates all data into actionable insights, enabling informed decisions and operational growth in VisionLink.
